Founded in 1982, the nonprofit [501(c)(3)] Washington Regional Alcohol Program (WRAP) is a coalition of diverse interests using effective education, innovative programs and targeted advocacy to end alcohol-impaired driving and underage drinking in the District of Columbia, Maryland and Virginia. Through public education, innovative health education programs and advocacy, WRAP is credited with historically keeping the region's alcohol-related traffic deaths lower than the national average. WRAP, however, may best be known to area residents via the organization's popular free safe ride service for would-be drunk drivers, SoberRide®.
